IN MEMORIAM

We pause in grateful appreciation to honor the memory of our friend, Walter Elsener, whose years of unselfish service will ever be an inspiration and a challenge to all whose lives he touched. It can fittingly be said that he was:

"A man that matched the mountains, and compelled
The stars to look our way and honor us.
The color of the ground was in him, the red earth;
The tang and odor of the primal things--
The rectitude and patience of the rocks;
The gladness of the wind that shakes the corn;
The justice of the rain that loves all leaves;
The loving-kindness of the wayside well;
The tolerance and equity of light.
He held his place--
Held on through blame and faltered not at praise,
And when he fell in service, he went down
As when a kingly cedar green with boughs
Goes down with a great shout upon the hills,
And leaves a lonesome place against the sky."

Dear Wylodean,

Well, it looks like we have just about reached the first goal in our lives. Our graduation! It surely seems wonderful but it hate to leave all of my friends and especially you! You have been a wonderful friend to me and I hope our friendship will never end. I still want you to go to Central with me because you are the kind of friend I would like to take with me all through my life.

I wish for you all of the happiness and treasures in life because a person like you deserves no less.

I hope you will always remember me and the fun we have had. Also the sorrows! The things I believe I enjoyed most were (and are) the "honking at and running after our "special friends." It was fun even if we did get in trouble for ~~me~~ "it." Just remember me as the sad little girl with the "Secret Love."

Stay like you are and everyone will think of you just like I do. I think you are Grand!!!

Love ya always,
Mary Jane

Dear Hyloden

To the one I love and am going to miss if I ever have to leave. You are sweetest + the most loveable little thing I have ever met. I just can't seem to put down on paper the way I feel about you, but I'll say I could just be with you all the time and never get tired of you if I could + know it a little more with you. You know it + have you. Please excuse the writing but I'm trying.

I'll always love you
and I hope you feel
the same.

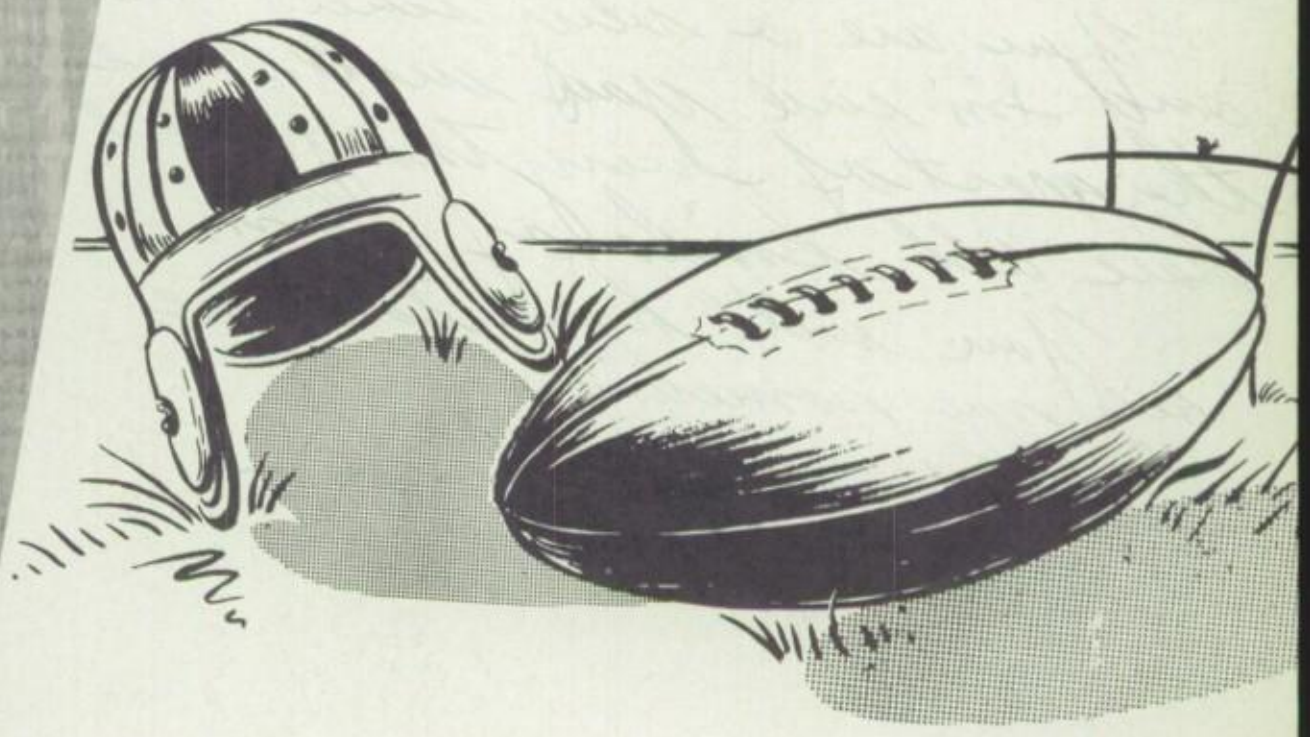
Sports



Dear Bill:

Well, We have sat together for 3 years playing those darn Baritones. I just don't know what we will do when we graduate. I guess we will have to play something else. I want you to take care of Coffee when you go to S.W. and make her practice her clarinet + twirling every day and above all be sweet + keep away a turtle neck sweater with a bulldog on it. Don't let her burn any smokes either.

You are a very sweet gal and I'm sure you will make the most of everything and have all kinds of fun.

You will have to come see me sometime.

O. Wallace Jarmit & Fields U.
